2. What problem(s) are you addressing?

(E.g. current legislative or institutional framework related to AML/CFT, legal proposals related to AML/CFT, Risk Assessment finding, country evaluation process, lack of engagement, etc.)

3. What are the opportunities and challenges in addressing these problems?

(Consider if there are factors that might affect the timing or sequencing of opportunities, such as an upcoming evaluation; a pending country risk evaluation; debate over a draft law, etc.)

4. Who are the main stakeholders?

(Include domestic, regional or international actors that the NPO sector needs to influence in order to pursue its objectives. What could they contribute to the advocacy process?)

5. Objective(s) / specific goal(s)?

(Include timeframe for each objective – e.g. within 1, 2, 5 years.)
